She is hoping this will help finance her time at university.

If you would like to send Micah a note of congratulations you may send it to:

Micah Joy will get these notes once she returns to the USA late in July.

## Nehemiah & Miriam Update

Nehemiah is enjoying apartment living in Arlington (well technically his address is in Euless, but he is right next to Arlington and it is more familiar). He is working at the DFW airport. He loves his church and its heart for outreach.

Miriam will be starting her senior year at RVA in August. She is coming with Micah Joy and Donna to the states for the month of August visiting universities.

We have had the delight of having short-termer Gracie with us for 5 weeks. We have kept her busy putting a webpage together for the Safe House, developing a Reading Room at the Seminary, helping with Bible Clubs and much, much more.

Donna has had the joy of seeing several projects completed recently. She has partnered with Orphan's Heart to oversee much needed renovations at the Safe House. She recently directed a children's musical at church, taught a teachers course at the Seminary, continues writing a Sunday School curriculum for Walk Through the Bible Africa and is still doing weekly Bible Clubs. Donna will return to America to get Micah joy settled in university. She is very much looking forward to seeing Nehemiah and family. She is absolutely NOT looking forward to leaving another child in the states, sniff, sniff.

In our last newsletter we shared about our support being low and asked for your prayers. Praise be to God that a very generous supporter has made up Paul and Donna's shortfall of support.

Those who read the Cox Family Prayer Blog, will know that Paul has been waiting for quite some time for his work permit. While progress is being made, it still has not been granted. Donna's work permit expired in June so now both Paul and Donna are waiting for work permits. Please pray that these will be granted.

Paul has taught a number of classes (using a "Special Pass" which allows him to teach in three month blocks). As always it has been a great joy to see students grow in their knowledge and application of the scriptures. Here is a short video that gives a students perspective on what was learned:

Unfortunately, Paul has also missed teaching a couple of classes due to work permit issues. He has used this time to do research for his PhD.
